

Summer Reading instructions for Because of Mr. Terput by Rob Buyea

Please print the supplied character pages from the novel (8 characters). As you read the novel, jot down information you learn about the characters. Include information such as: how the character is feeling, how does he/she act, what does he/she think, etc. You do not need to write in complete sentences...notes are fine. This will help you become familiar with each character. You will use these notes to complete the classroom assignments when we begin our school year.
