

Dear Trafton Community

We find ourselves in a time of uncertainty. However, you can rest assured that Trafton Academy will always put the health and safety of our community members first and foremost in our plans. Our sudden closure in March prioritized our community's safety. Our students, faculty and staff all got a crash course in online learning and instruction. With the knowledge gained from the experiences of this past Spring, we are continuing to plan for a reopening on August 24, 2020 with remote instruction. Once we are allowed to reopen, we will offer parents the choice to attend in person classes or continue with remote instruction.

With the uncertainty of these circumstances, we are carefully planning for multiple scenarios. We know that initially things will be different than in a normal school year. Our response to fluctuating circumstances could change, but our goals will not. We will offer families the choice of an ongoing educational opportunity in a safe learning environment. Parents can feel completely safe with either option with which they are most comfortable.

I would like to thank the parents and the great Trafton staff for their partnership in providing this experience for these fantastic students. Despite these unprecedented challenges, together we will provide the best education possible for our students.

Inez Hutchins
Principal
