SPECIFIC OBJECTIVES

- 📖 To provide a flexible curriculum that will meet the cultural, academic, and social needs of the individual class.

- 📖 To maintain an academic program in which low student-teacher ratios allow each class to move at its proper rate of progress.

- 📖 To encourage the highest level of work compatible with the individual's capabilities and gifts, and to encourage a desire to learn.

- 📖 To provide opportunities for self-expression and creativity through active participation in a well-rounded fine arts program.

- 📖 To give constant attention to the formation of acceptable standards of behavior and to the development of socially correct values and attitudes.

- 📖 To help the student learn to accept responsibility and to make proper decisions.

- 📖 To develop within each child a feeling of self worth and dignity.
