Trafton Lunch Account

To open an account the parent should send a cash or check, separate from tuition payments to the Office with the name and grade of your child/children and denote “lunch” in the memo area. The suggested minimum is \$100. If you have more than one child at Trafton you may wish to combine all the monies in one check, but please specify if one child will receive more money than another.

Lunch and study hall charges are tabulated weekly and lunch accounts are updated on a weekly basis. Parents are informed, by email, if the account drops below \$30. Additionally, if one child’s balance falls below \$30 and a sibling has a much higher balance, then money will be moved to lower account.

FYI: Should you have an additional child, this account also serves as the funding venue for study hall and is referenced as the “Lunch/Study Hall” account. Lunch and study hall money can be combined in one check.

Please keep in mind that some students will spend more than \$30 per week if they frequently order lunch and attend study hall. A positive balance in the account/s is greatly appreciated. Should you fall behind in your account your child/ren may be prevented from ordering lunch until the account is brought up to date with additional funds.

Questions about lunch or study hall balances?
