Trafton Lunch Account

Lunches are available for purchase when a student has a "Lunch/Study Hall" account. (This also serves as the funding venue for study hall charges.) To open an account, a parent/guardian should send cash or check, a separate check from tuition payments, to the Office or homeroom teacher, with the name and grade of the student. Please denote "lunch" in the memo area. If you have more than one child requiring an account, money for each additional child may be included on the same check. (Monies will be equally divided among the children unless otherwise specified.) The suggested beginning account minimum is \$100.

Lunch and study hall charges are tabulated weekly and the accounts updated. Within a few days parents will be informed, by email, if the account has dropped below \$30. Additionally, if one child's account balance falls below \$30 and a sibling has a higher balance, then money will be transferred between the accounts.

Please keep in mind that some students will spend more than \$30 per week, if they frequently order lunch and attend study hall daily. A positive balance in each account is expected. Should a family fail to keep an account up-to-date, the student may be prevented from ordering lunch until the account is brought current with funding for future lunches.
